

Erasmus+ guide

Charles University Faculty of Law

Dear Erasmus student,

welcome to the **Faculty of Law of the Charles University in Prague**. This guide will hopefully help you with better orientation on your first days. We wish you the best Erasmus experience full of great people and unforgettable memories.

Sincerely yours,

CLS Buddy Program

General tips

Transportation

While in Prague, the most efficient way to get around is the PID. PID stands for the Prague Integrated Transport system and encompasses buses, trams, subway and trains operating within Prague. For short term travelling, you can buy a ticket at most subway stations, but since you will be spending several months in Prague, we recommend you get a Lítačka card one of the following ways:

1. Filling in an application form on the PID website listed in the contacts
2. Getting one made at the Škoda Palace

Whichever you choose, you will need to present an ID card and a coloured ID card format photo while picking up the card.

Additionally, while buying the e-ticket to upload on your card, don't forget to present your ISIC or a student certificate for substantial discount.

Money Exchange

The safest way to exchange your money is undoubtedly in a bank. If you choose to use an Exchange office, do not forget to check the official exchange rates online so you are not taken advantage of.
